

## HOVERMATT® POSITIONING KIT

The HoverMatt® Positioning Kit includes the HoverMatt® SPU, Positioning Wedges and HoverCover™ Absorbent Disposable Cover, providing caregivers with all the tools needed to safely transfer, boost, position and offload patients without lifting or straining. The HoverMatt reduces the force required to move a patient by 80-90%, making patient handling easier and safer, while the Positioning Wedges effectively offload the sacrum and support the patient. The highly breathable HoverMatt SPU and HoverCover minimize heat and moisture buildup, making the patient more comfortable and protecting the integrity of the skin for improved all-day patient care.

# HOVERMATT® POSITIONING KIT

## HoverMatt® SPU Benefits:

- Inflated mattress cradles the patient while moving them in a stable position, eliminating skin shear and bruising and providing maximum comfort to the patient
- Air-assisted technology is proven to reduce workplace injuries and associated costs by 50-100% when implemented into a Safe Patient Handling Program
