Nozin® Popswab® Ampule

Anatomy of the #1 Daily Nasal Decolonizer

Active Ingredient: Alcohol (62% antiseptic).

Inactive Ingredients: Jojoba, water, orange oil, lauric acid, benzalkonium chloride, vitamin E.

Proprietary Popswab® delivery & application system:

Nasal Sanitizer® Nozaseptin® formula combines ethanol with antioxidant rich natural emollients. This provides a highly effective antiseptic for the nose in a pleasant and moisturizing application, ideal to enhance your current MRSA / MSSA colonization risk mitigation protocols.

Clinically proven leader: Nozin® Nasal Sanitizer® antiseptic has helped protect millions of users in hundreds of medical facilities. See: Nozin.com/clinical-outcomes

Patient and staff preferred | Kills 99.99% of germs
12-hour persistence | Decreases nasal bacteria carriage

15+ years of safe, effective use.
Extensive third party hospitals outcome data.
